RE: TIP Update

Projects submitted for inclusion in the SAFETEA TIP Amendment (TIP Amendment number 07-06) are currently being reviewed and processed by Programming and Allocations program staff. A draft of the projects in the amendment will be available for review on the TIP webpage in March shortly after the California Transportation Commission adopts the final CMIA program.

TIP Amendment 07-04 was approved by FHWA/FTA on January 26, 2006. The amendment was a major amendment that added new Lifeline Program projects, Regional Bicycle and Pedestrian Program projects and other Local Street and Road program projects and funding into the 2007 TIP. It also updated the Railroad Crossing lump sum project listing, reflecting the addition of fiscal year 2006-07 and 2007-08 state-approved projects.

The deadline to submit projects for the next formal TIP amendment is May 1, 2007. However, MTC will continue to process administrative amendments as necessary.

For additional information, please contact Raymond Odunlami at (510) 817-5799.
